The object of the Salvation Army is to carry the Gospel of the Lord Jesus Christ to the thousands who to-day never darken the doors of the places of worship and to bring the Bible message to the outcast of society, whether in prison or brothel or any place harboring vice, inquity, or intemperance.

When a hungry man is given a meal, or a worker visiting a slum home with a basket of life's necessities, Thanksgiving or Xmas dinners given to the poor, it is not only to relieve an immediate need, it is for a higher purpose of bringing them the message of the Gospel of Light and Love, that the recipient of the humble gifts may think of Him who was rich, but for our sakes became poor and took upon Himself the form of man, and by paying the debt of sin made it possible for us to be reconciled with the Father by the gift of Himself.

Our constant effort is to help others to help themselves; eventually they too become helpers of others.

(*b*) Parcels weighing 8 ounces or less containing books, seeds, cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces or fraction thereof, regardless of distance.

(*c*) Parcels weighing more than 8 ounces containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table (except as provided in paragraph (*d*), a fraction of a pound being computed as a full pound:

(*d*) Parcels subject to the pound rates, mailed for delivery within the first or second zone, are, when the distance by the shortest regular mail route from the office of origin to the office of delivery is 300 miles or more, chargeable with postage at the rate of 6 cents for the first pound and 2 cents for each additional pound, a fraction of a pound being computed as a full pound.

The local rate applies to parcels mailed under the following conditions:

(1) At any post office for local delivery at such office;

(2) At any city letter carrier office, or at any point within its delivery limits, for delivery by carriers from that office;

(3) At any post office from which a rural route starts, for delivery on such route, or when mailed at any point on a rural route for delivery at any other point thereon, or at the office from which the route starts, or for delivery on any other rural route starting from the same office.

(4) On all fruits and vegetables mailed at a post office from which a motor vehicle truck route or country motor express route starts, or at any point or post office on such route ,for transportation over the route and delivery at any other point or post office on the same route.

ZONES—POSTAL GUIDE AND KEYS.—For parcel post purposes the United States is divided into units of area 30 minutes square, which form the basis of eight postal zones. To ascertain in which zone a post office is located from the office of mailing it is first necessary to find the unit number of the office of address and then refer to the zone key for the mailing office. The unit numbers are shown in the State list of post offices in the Official Postal Guide. The guide is applicable to all offices, but a separate zone key is required for each unit. Space is provided for the insertion of a zone number opposite the name of each post office in the guide. For information relative to obtaining guides and keys.

ALASKA, HAWAIIAN, AND PHILIPPINE ISLANDS, ETC.—The eighth zone rate of 12 cents for each pound or fraction thereof on all parcels weighing more than 4 ounces (except books, seeds, cuttings, bulbs, roots, scions, and plants weighing 8 ounces or less), applies (1) between the United States and the Hawaiian Islands; (2) between the United States and its postal agency at Shanghai, China; (3) between any two points in Alaska and between any point in Alaska and any other point in the United States; (4) between the United States and the Canal Zone; (5) between the United States and the Philippine Islands) (6) to, from or between Guam, Tutuila and Manila and other islands of the Samoan group east of longitude 171° west of Greenwich, and the United States and its other possessions; (7) between the United States and its naval vessels stationed in foreign waters; (8) between the United States and its Expeditionary Forces in Europe; and other places where the United States mail service is in operation.

The rate of postage on gold coin, gold bullion, and gold dust offered for mailing between any two points in Alaska, or between any point in Alaska and any point in the United States or its possessions, is 2 cents an ounce or fraction thereof, regardless of distance. Such gold coin, gold bullion, or gold dust must be inclosed in sealed packages not exceeding 11 pounds in weight and sent by registered mail.

CANADA, CUBA, MEXICO, AND REPUBLIC OF PANAMA.—The rate of 12 cents for each pound or fraction thereof also applies to fourth-class matter, including seeds, cuttings, bulbs, roots, scions, and plants (but excepting books and other printed matter, on which the rate is 1 cent for each 2 ounces or fraction thereof in all cases), weighing more than 4 ounces and not exceeding 4 pounds, 6 ounces when mailed to Canada, Cuba, Mexico and the Republic of Panama. (Parcels weighing up to 20 pounds may be sent to Mexico and the Republic of Panama as foreign parcel post mail under the parcel post conventions with those countries.)

WAR STAMP TAX ON FOURTH-CLASS (PARCEL POST) MAIL.—Under the war revenue act of October 3, 1917, parcels transported from one point in the United States to another by parcel post, on which the postage amounts to 25 cents or more, are subject to a warstamp tax of 1 cent for each postage charge of 25 cents or fractional part of 25 cents. The amount paid for special delivery, insurance, or C. O. D. fees is not counted in determining the tax. There is no tax on parcels subject to less than 25 cents postage. The tax on a parcel chargeable with 25 cents postage is 1 cent; on parcels subject to from 26 cents to 50 cents postage the tax is 2 cents each, and so on. Internal-revenue stamps must be used to pay the tax. Postage stamps are not valid therefor. Internal-revenue stamps affixed to parcels in payment of the tax must be canceled with ink by the sender placing or causing to be placed thereon his written or stamped initials, together with the date upon which the stamps are attached or used, but in no case shall the sender cancel the postage stamps affixed to parcels; the latter may be canceled only by postal employees. Postmasters shall not accept parcels for mailing unless the required war-stamp tax is prepaid thereon. Those deposited without having the tax paid will be returned to the sender. Internal-revenue stamps for use in paying such tax may be purchased from postmasters.

The war-stamp tax does not apply to parcels sent to (1) United States Expeditionary Forces abroad, (2) Porto Rico, (3) Philippine Islands, (4) Canal Zone, (5) Virgin Islands of the United States, (6) Guam, (7) United States naval vessels, (8) parcels addressed to foreign countries, (9) official parcels mailed by Federal or State officers or employees, and (10) certain parcels mailed by the American Red Cross in connection with war work for benefit of United States.

THE LIMIT OF WEIGHT of fourth-class matter is 70 pounds for parcels mailed for delivery within the first, second, and third zones, and 50 pounds for all other zones, including Manila, P. I., but parcels for other places in those islands may not exceed 20 pounds. For limit of weight for parcels sent to or from United States Expeditionary Forces in Europe, inquire of postmaster.

LIMIT OF SIZE.—Parcels may not exceed 84 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measures 65 inches in length and girth combined.

NAME AND ADDRESS OF SENDER.—A parcel of fourth-class matter may not be accepted for mailing unless it bears the name and address of the sender, which should be preceded by the word "from."

ADDITIONS TO FOURTH-CLASS MAIL.—Any marks, numbers, names, or letters for purpose of description may be placed on fourth-class matter or on the wrapper or cover, tag or label.

There may be written on the blank leaves or cover of any book a simple manuscript dedication or inscription not in the nature of personal correspondence. Space sufficient for a legible address, postmark, and the necessary postage stamps must be left on the address side of parcels.

Inscriptions such as "Merry Christmas," "With best wishes," "Do not open until Christmas," or words to that effect may be written on fourth-class mail, or on a card inclosed therewith.

INCLOSURES.—There may be inclosed with fourth-class matter a written or printed invoice showing the name and address of the sender and of the addressee; the names and quantities of articles inclosed, together with inscriptions indicating "for purpose of description," the price, style, stock number, size, and quality of the articles; the order or file number, date of order, and date and manner of shipment; and the initial or name of the salesman, or of the person by whom the articles were packed or checked.

PUBLIC LIBRARY BOOKS, otherwise mailable as parcel-post matter, may bear any printed or written mark constituting a necessary inscription for the purpose of a permanent library record.

COMMUNICATIONS ATTACHED TO PARCELS.—When it is desired to send a communication with a parcel on which postage at the fourth-class rate has been fully prepaid, the communication may be placed in an envelope fully prepaid at the first-class rate and addressed to correspond with the address on the parcel and then be tied to or otherwise securely attached to the outside of the parcel in such manner as to prevent its separation therefrom and not to interfere with the address on the parcel. The stamps to cover the postage on the parcel must be affixed to the wrapper of the parcel, and those to pay the postage on the communication must be affixed to the envelope of the communication. Parcels to which such communications are attached are treated as fourth-class matter. Only one special delivery fee is required on such parcels sent as special-delivery matter. Letters may also be attached to third-class matter under the foregoing conditions.

PROPRIETARY ARTICLES OF MERCHANDISE, such as harmless medicinal preparations, soaps, tobacco, food products, etc., put up in fixed quantities, in original sealed packages by the manufacturer so as to allow examination of the packages in their simplest mercantile form and labeled in printing so as to show the nature of contents, quantity, and name of the manufacturer, are mailable at the fourth-class rates of postage. If such sealed packages are inclosed in an outer wrapper, the latter must not be sealed unless it is also labeled in printing in the manner indicated.

MEATS AND MEAT-FOOD PRODUCTS—Before meat or meat-food products of cattle, sheep, swine, goats, or horses may be accepted for mailing from one State or Territory to another State or Territory, the certificate of inspection or exemption required by section 477, Postal Laws and Regulations, must be filed with the postmaster. Such certificates must be prepared and furnished by the sender.

GAME.—The dead bodies of any wild animals or birds, or parts thereof, including furs, skins, plumage, etc., lawfully killed and offered for shipment, may be accepted for mailing only when the parcels are plainly marked to show the actual nature of the contents and the name and address of the sender. The dead bodies, or parts thereof, of any wild animals or birds which have been killed or offered for shipment in violation of the laws of a State, Territory, or District are unmailable, persons sending such articles and the addressees knowingly receiving them in violation of law being liable to a fine of not more than $200.

PLANTS AND PLANT PRODUCTS, including all field-grown florists' stock, trees, shrubs, vines, cuttings, grass, scions, buds, fruit pits and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots, may be admitted to the mails only when accompanied with a certificate from a State or Government inspector to the effect that the nursery or premises from which such stock is shipped has been inspected within a year and found free from injurious insects, and the parcel containing such stock is plainly marked to show the nature of the contents and the name and address of the sender.

Plants and plant products addressed to places in the States of Arizona, Arkansas, California, Florida, Montana, and Washington are subject to terminal inspection before delivery to addressee; and all parcels containing plants or plant products, when sent to these States, must be plainly marked on the outside to show the nature of contents, failure to do so being an offense punishable by a fine of not more than $100.

PLACE OF MAILING.—Parcels of books, seeds, and plants, weighing more than 8 ounces, and parcels of other fourth-class matter weighing more than 4 ounces, must be mailed at a post office, branch post office, classified or contract station, or delivered to a rural or other carrier duly authorized to receive such matter. Smaller parcels may be deposited in street letter or package boxes. Fourth-class matter can not be mailed at railway post office cars.

SENDER'S RECEIPT FOR ORDINARY PARCEL.—When desired, a receipt is furnished the sender of an ordinary fourth-class parcel by the mailing office upon payment of 1 cent. This fee does not insure the parcel against loss, and no receipt is obtained from the addressee on delivery. If either of the latter facilities is desired, the insurance service should be patronized.

INSURANCE OF FOURTH-CLASS MAIL.

FEES AND CONDITIONS.—Fourth-class or domestic parcel post mail (*but no other*) may be insured against loss, rifling, or damage equivalent to its actual value or the cost of repairs, but not to exceed $5 upon payment of a fee of 3 cents; $25 upon payment of 5 cents; $50 upon payment of 10 cents; or $100 upon payment of 25 cents, in addition to the postage; but indemnity will not be allowed for the loss of such mail addressed to the Philippine Islands, unless the loss occurred in the postal service of the United States. Parcels can not be insured to Canada, Cuba, Mexico, or the Republic of Panama.

Such mail may be insured at any post office or station thereof, or by rural carriers. The sender will be given a receipt for each parcel insured, which must be retained and presented later if claim for indemnity is made.

RETURN RECEIPTS FOR INSURED PARCELS, may be obtained by indorsing the parcels "Return receipt desired."

INDEMNITY FOR LOST OR DAMAGED INSURED PARCELS is paid for their actual value or repairs within the limit of insurance. Indemnity for damage is paid only when the article involved was prepared to enable it to withstand all handling to which it would be customarily subjected, and when information as to the nature of its contents was furnished, upon request, to the postal employee accepting it. Indemnity is not paid on account of the loss or damage of first and third class mail erroneously insured instead of being registered.

DELIVERY of insured mail is effected under the regulations and instructions governing the delivery of registered mail except that receipts are not taken from addressees to serve as records for offices of address.

COLLECT-ON-DELIVERY SERVICE.

FEES AND CONDITIONS.—Parcels of fourth-class or parcel post matter (*but no other*) may be sent C. O. D. from one domestic money order post office to another, including those in the Canal Zone (but not the Philippine Islands), on payment of a fee of 10 cents in addition to the postage, both to be prepaid with stamps affixed when the amount to be remitted to the sender does not exceed $50; and on payment of a fee of 25 cents when the amount to be remitted does not exceed $100. The remittance is made by post office money order, the fee therefor being included in the amount collected from the addressee. A C. O. D. tag furnished by the postmaster must be filled in by the sender and attached to the parcel. The C. O. D. fees automatically insure parcels against loss, damage, or nonremittance for their actual value up to $50 for a 10-cent fee and up to $100 for a 25-cent fee.

A RECEIPT is given the sender of a C. O. D. parcel at the time of mailing, but no return receipt is furnished, as the remittance shows that delivery has been made.

EXAMINATION OF CONTENTS OF A C. O. D. PARCEL is not permitted until it has been receipted for and all charges paid.

DELIVERY of C. O. D. mail is effected under the regulations and instructions governing the delivery of registered mail.

PROVISIONS APPLICABLE TO THE SEVERAL CLASSES OF MAIL MATTER.

COLLECTION OF POSTAGE DUE AT OFFICE OF ADDRESS.—When a piece of mail reaches the office of address without postage having been fully prepaid, the required amount of postage due will be collected of the addressee on delivery.

A fee of 1 cent will be collected as postage due on all advertised matter.

Postmasters can not lawfully accept postage stamps in payment of postage remaining due on mail matter. The amount due must be paid in cash.

UNMAILABLE MATTER.

DEFINITION.—Unmailable domestic matter —that is, matter which is not admissible to the United States mails for dispatch or delivery in the United States, or in any of its possessions— includes:

ADDRESS DEFECTIVE.—All matter illegibly, incorrectly, or insufficiently addressed.

POSTAGE NOT PREPAID.—First-class matter not prepaid one cent rate and all other matter not fully prepaid.

OVERWEIGHT AND OVERSIZE.—All matter exceeding the limit of weight or size prescribed by law.

GAME killed or offered for mailing in violation of law.

MEAT AND MEAT FOOD PRODUCTS of cattle, sheep, swine, goats, and horses, presented without the required certificate of inspection or exemption.

PLANTS AND PLANT PRODUCTS not accompanied with certificate of inspection.

POISONS, LIQUORS, LIVE ANIMALS, FOWLS, ETC.—All matter harmful in its nature, as poisons; explosive or corrosive articles; matches, live animals, fowls, insects, and reptiles (except day-old chicks, bees, etc., and except domestic animals and fowls to be handled exclusively on rural motor truck routes); any article exhaling a bad odor; and vinous, spirituous, or malt liquors. The postal laws provide a severe penalty for the mailing of poisons, explosives, or harmful articles, and intoxicating liquors.

TINSEL, GLASS.—Post cards and postal cards, bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unmailable, except when inclosed in envelopes tightly sealed to prevent the escape of such particles, or when treated in such manner as will prevent the objectionable substance from being rubbed off.

OBSCENE AND INDECENT.—All obscene, lewd, or lascivious matter, and every article or thing intended, designed, or adapted for any indecent or immoral purpose, or for the prevention of conception or procuring abortion, or matter of a character tending to incite arson, murder, or assassination.

DEFAMATORY, DUNNING, ETC.—Postal, post, or other cards, mailed without wrappers, and all matter bearing upon the outside cover or wrapper any delineation, epithets, terms, or language of an indecent, lewd, lascivious, obscene, libelous, scurrilous, defamatory, threatening, or dunning character, or calculated by the terms or manner or style of display, and obviously intended to reflect injuriously upon the character or conduct of another.

LOTTERY AND FRAUD.—All matter concerning any lottery, so-called gift concert, or other enterprise of chance or concerning schemes devised for the purpose of obtaining money or property under false pretenses.

LIQUOR ADVERTISEMENTS, when addressed to any place in any State or Territory of the United States at which such advertising is forbidden by the law in force in the State or Territory.

PREPARATION AND WRAPPING OF MAIL MATTER.

ENVELOPES OR WRAPPERS of weak or unsubstantial paper should not be used. Mail is handled often and subjected to pressure and friction in the mail bags, and frequently is delivered from moving trains; hence, if not inclosed in strong envelopes or wrappers it may be damaged. It is recommended that stamped envelopes, on sale at all post offices, be used.

EXAMINATION.—Second, third, and fourth class matter must be so wrapped or enveloped that the contents may be examined easily by postal officials. When not so wrapped, or when bearing or containing writing not authorized by law, the matter will be treated as of the first class.

Nailed boxes.—Parcel-post mail may be inclosed in boxes to which the lids are nailed or screwed, provided the lids can be readily removed with a chisel or screwdriver for examination of contents.

WRAPPING.—All matter should be securely wrapped so as to bear transmission without breaking, or injuring mail bags, their contents or persons handling them. Many articles are damaged in the mails for the reason that they are not properly wrapped to withstand the necessary handling.

Parcels weighing 20 pounds or under are generally carried inside mail bags with other mail; those weighing over 20 pounds are usually carried outside mail bags. They should be wrapped with that understanding.

Parcels improperly or insufficiently wrapped will not be accepted for transmission in the mails.

Umbrellas, canes, golf sticks, and similar articles must be reinforced by strips of wood or otherwise sufficiently wrapped to withstand handling and transportation.

Hats must be packed in strong boxes; if in ordinary pastboard hat boxes, they must be properly crated.

Cut flowers, candies, etc., should be inclosed in strong and suitable boxes.

Stove castings and pieces of machinery should be protected with excelsior or similar material and wrapped in cloth or strong paper or be properly boxed or crated.

Mailable hides and pelts must be thoroughly wrapped to prevent the escape of grease.

HARMFUL ARTICLES not absolutely excluded from the mails, but which, from their form or nature, might, unless properly secured, destroy, deface or otherwise damage the contents of the mail bag or harm the person of any one engaged in the postal service, may be transmitted in the mails only when packed in accordance with the postal regulations.

Sharp-pointed or sharp-edged instruments or tools must have their points and edges protected so that they can not cut through their covering, and be thoroughly wrapped.

Powders and all pulverized dry substances must be so wrapped that none of the contents of the package will sift out.

Pastes, salves, etc., not easily liquefiable, must be inclosed in watertight containers and placed in strong boxes and securely wrapped.

Motion-picture films are mailable only when packed in strong, spark-proof, metal cases.

LIQUIDS.—Admissible liquids in packages not exceeding the limit of weight of fourth-class matter will be accepted for mailing when intended or delivery at the office of mailing or on a rural route starting therefrom when inclosed in a glass or metal container securely enclosed and heavily wrapped, provided it is not necessary to transport them over steam or electric railways.

Admissible liquids and oils, pastes, salves, or other articles easily liquefiable, will be accepted for mailing, regardless of distance, when they conform to the following conditions:

(*a*) When in strong glass bottles holding 4 ounces or less, the total quantity sent in one parcel shall not exceed 24 ounces, liquid measure. Each bottle shall be wrapped in paper or other absorbent substance and then all placed in a box made of cardboard or other suitable material and packed in a container made of double-faced corrugated pasteboard of good quality. The corners of the container must fit tightly and be reinforced with tape so as to prevent the escape of any liquid if the contents should be broken, and the whole parcel shall be securely wrapped with strong paper and tied with twine. Single bottles of liquid holding 4 ounces or less may also be packed as prescribed in the following paragraphs, (*b*) and (*c*):

(*b*) When in glass bottles holding more than 4 ounces, the total quantity sent in one parcel shall not exceed 16 ounces. The bottle must be very strong and must be inclosed in a block or tube of metal, wood, papier-mache or similar material; and there must be provided between the bottle and the block or tube a cushion of cotton, felt, or other absorbent. The block or tube, if of wood or papier-mache, must be at least one-eighth of an inch thick for bottles holding 8 ounces or less, and at least three-sixteenths of an inch thick for bottles holding more than 8 ounces. The block or tube must be rendered water-tight by an application on the inside of paraffin or other suitable substance, and must be closed by a screw-top cover with sufficient screw threads to require at least one and one-half complete turns before it will come off. The cover must be provided with a washer, so that no liquid could escape if the bottle should be broken. Such bottles may also be packed in strong and tight receptacles of wood, metal or waterproof corrugated pasteboard if surrounded with bran, sawdust, or other absorbent material in sufficient quantity to absorb all the liquid if the bottle should be broken.

(*c*) Mailable liquids, in quantities of more than 16 ounces, when in securely sealed glass bottles, will be accepted for mailing when packed in strong boxes and surrounded with sawdust or other suitable substance to protect the contents from breakage. All such packages must be marked "FRAGILE—THIS SIDE UP," or with similar inscription, and will be transported outside of mail bags.

(*d*) Liquid in securely closed metal containers may be mailed when suitably boxes or crated; but, when in extra strong metal containers, such as heavy milk cans, the boxes or crates may be omitted.

(e) All packages containing liquid must be marked "FRAGILE."

FRAGILE ARTICLES.—Articles easily broken must be very securely wrapped for safe transmission.

Glass, crockery, fragile toys, etc., must be so pakced as to prevent the escape of particles or pieces from the packages if broken in transit.

Cigars should be packed in a manner to prevent damage by shock or jar.

Maps, drawings, painting, etc., must be suitably protected with stout material to prevent damage. When not flat, they should be rolled around a stout stick and carefully wrapped or inclosed in a strong pasteboard tube.

All such articles should be marked "FRAGILE."

Eggs will be accepted for mailing when packed in crates, boxes, baskets, or other suitable containers, so constructed as properly to protect the contents. Such packages will be transported outside of mail bags. All parcels containing eggs must be plainly marked "EGGS." When necessary they should be marked "THIS SIDE UP."

Eggs for hatching will be accepted for mailing when each egg is wrapped separately and surrounded with excelsior, wood wool, or other suitable material, and packed in a basket, preferably with a handle, or other suitable container, lined with paper, fiber board, or corrugated pasteboard, in such a way that nothing can escape from the package. Such parcels must be labeled "EGGS FOR HATCHING," "KEEP FROM HEAT AND COLD," "PLEASE HANDLE WITH CARE," or other suitable words, and will be handled outside of mail sacks.

PERISHABLE ARTICLES.—Parcels containing perishable articles shall be marked "PERISHABLE." Articles likely to spoil within the time reasonably required for transportation and delivery will not be accepted for mailing.

Butter, lard, and perishable articles, such as fish, fresh meats, dressed fowls, vegetables, fruits, berries, and articles of a similar nature, which decay quickly, will be accepted for mailing to any office which in the ordinary course of mail they can reach without spoiling, when inclosed in crates, boxes, baskets, or other suitable containers, so constructed as properly to protect the contents and prevent the escape of anything therefrom. If necessary for safe shipment, such parcels will be transported outside of mail bags. Berries, fruits, and vegetables will not be accepted for mailing unless they are in good dry shipping condition.

COUNTRIES.—Packages of mailable merchandise may be sent in unsealed packages, by "Parcel Post," to the following-named countries. Parcels for Argentina, Egypt, Italy, and Panama must be accepted for mailing, even though sealed and closed against inspection, provided they conform to other conditions prescribed. WEIGHT.—Limit of weight for a single parcel 11 pounds, except to Argentina, Ecuador, Mexico, Republic of Panama, and El Salvador, to which the weight limit is 20 pounds, and except to Brazil, British Honduras, Colombia, Guatemala, Nicaragua, Peru, the Republic of Honduras, and Roumania, to which the weight limit is 22 pounds. In the case of parcels for and from nonsteam served places in China, while they may weigh 11 pounds, they must not exceed 1 cubic foot in volume.

POSTAGE.—For all countries the postage rate is 12 cents a pound or fraction of a pound, except to Algeria, British East Africa and Uganda, British India, Corsica, Egypt, Malta, Mesopotamia, Palestine, Paraguay, Roumania, Syria, and Tunis; but in addition, each parcel for these countries, according to its weight, must be prepaid by postage stamps affixed, a "transit charge" for service through an intermediary country, and as these charges vary, application for information regarding postage rate and transit charges on parcels for each of these countries should be made at the post office at the time of mailing.

REGISTRATION.—The sender of a parcel addressed to any of the countries named in the table at the head of this section with the exceptions indicated therein, may have the same registered by paying a registry fee of 10 cents, and will receive the "return receipt" without special charge therefor, when envelope or wrapper is marked "Return receipt demanded."

INDEMNITY.—Under the conventions with Chile, Mexico, and El Salvador the sender of a registered parcel-post package is entitled, in case of loss, damage, or rifling, to an indemnity equal to the amount of the actual loss incurred, but not exceeding the equivalent of 50 francs; that is, approximately, $9.65.

PLACE OF MAILING.—Matter intended for parcel post must be taken to the postoffice for inspection and there deposited in the mails. It must not be deposited in a letter box.

PROHIBITED ARTICLES.—For prohibitions and observations applicable to the service for each country, see list commencing on page 163 of the Postal Guide for July, 1919; and for general information and instructions see pages 174 to 177 of the same guide.

LETTERS PROHIBITED.—A letter of communication of the nature of personal correspondence must not accompany, be written on, or inclosed with any parcel. If such be found, the letter will be placed in the mails, if separable, and if the communication be inseparably attached to it, the whole parcel will be rejected.

EXCEPTIONS.—A single letter for the addressee may accompany a parcel for British East Africa and Uganda, British India and Malta.

MONEY ORDER SYSTEM.

ADVANTAGES.—The postal money order system offers to the public a safe, cheap, and convenient method of making remittances by mail to all parts of the United States and its possessions, as well as foreign countries. The practice of forwarding currency in ordinary mail is an incitement to theft. In case of train wreck also, or of other casualty incident to trasnportation, money may be destroyed or otherwise lost. But a money order, though lost, may be duplicated from the record of its issue. The public, therefore, is urged to use the postal money order system. Postal money orders, in short, should be used whenever available instead of cash for remittances by mail; and when such orders can not be obtained the letter containing the money should always be registered. Money order business is transacted at all post offices where practicable.

USE OF MONEY ORDERS IN C. O. D. PARCEL POST SERVICE.—Postal money orders are the only means by which sums collected on packages sent by C. O. D. parcel post are remitted to the sender of the parcels.

APPLICATION FOR A MONEY ORDER must be made on a form furnished for that purpose and be presented at the money order window of the postoffice or one of its stations. Money orders are issued for any desired amount from 1 cent to $100, and when a larger sum than $100 is to be sent any number of additional orders may be obtained. Applications may be made through rural carriers, who will furnish the necessary forms and give receipts for the amounts.

INTERNATIONAL MONEY ORDERS, payable in almost any part of the world (excepting where business has been interrupted by war or severance of diplomatic relations), may be obtained at all of the larger postoffices and at many of the smaller ones.

FEES FOR DOMESTIC MONEY ORDERS, payable in the United States, including Hawaii, Porto Rico, and Virgin Islands, United States (late Danish West Indies), or in its possessions, embracing the Canal Zone, Guam, the Philippine Islands, and Tutuila (Samoa), or at the United States Postal Agency at Shanghai (China); also for orders payable in Bermuda, British Guiana, British Honduras, Canada, Cuba, and Newfoundland, and in the following Islands in the West Indies: Antigua, Bahamas, Barbados, Dominica, Grenada, Jamaica, Martinique, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent, Trinidad and Tobago, and Virgin Islands (British).

REGISTRY SYSTEM.

ADVANTAGES.—The registry system provides for careful transmission to any postoffice in the world of money and other valuable mail, furnishes receipts to the mailer, and provides for indemnity in case of loss. Articles must be presented for registration and a receipt secured, and must not be placed in a street letter box or a mail drop.

WHAT SHOULD BE REGISTERED.—All valuable letters and sealed parcels, and those for which a return receipt or special care in delivery is desired, should be registered.

WHAT MAY BE REGISTERED—WHERE, AND BY WHOM.—Any mailable matter properly addressed and bearing the name and address of the sender, admissible to the domestic mails (except fourth-class mail which may be insured), or to the Postal Union (foreign) mails (except foreign "Parcel Post" packages for Alsace and Lorraine, Algeria, Argentina, Australia, Barbados, Basutoland, Benadir, British India, Carpathos, Cook Islands, Corsica, Crete, Curacao, Dutch Guiana, Egypt, Erithrea, France, French Guiana, French India, Gibraltar, Great Britain and Ireland, Greece, Guadeloupe, Italy, Martinque, Mesopotamia, Netherlands, Netherlands East Indies, Norfolk Island, Palestine, Papua, Paraguay, Rhodes, Samoa, Siam, Society Islands, Swaziland, Tunis, Union of South Africa and Uruguay) may be registered. Foreign "Parcel Post" mail must be taken to the post office to be registered, but other mail may be registered at any post office or postoffice station, by rural carriers, and, when sealed and not cumbersome, by city carriers in residential districts.

THE REGISTRY FEE for each separate article, foreign or domestic, is 10 cents in addition to the postage, both to be fully prepaid.

RETURN RECEIPTS.—When the sender desires a return receipt he should indorse the address side of the envelope or wrapper "Return receipt desired."

FIRM MAILING BOOKS are supplied without cost to those customarily registering, insuring, or sending C. O. D. three or more articles at one time. These books save time, labor, and expense on the part of the shipper as well as the postoffice.

INDEMNITY FOR LOST AND DAMAGED REGISTERED MAIL will be paid as follows:

Domestic mail, first-class (sealed) for actual value up to $50; third-class (unsealed), for actual value up to $25. The envelope should be preserved in cases of rifling and damage.

Foreign mail amount claimed within limit of 50 francs ($9.65) for total loss (not partial loss, rifling, or damage), of a registered article exchanged between the United States and a Postal Union country, except foreign parcel-post matter and losses beyond control ("force majeure").

Superfluous Hair Removed by Electrolysis

OVER two score years ago, Dr. Mitchel, oculist, of St. Louis, evolved a method of using electricity for the permanent removal of ingrowing eyelashes. Soon after, his friend, Dr. Hardaway, conceived the idea of using this method for the removal of Superfluous Hair from the human face. Today, physicians, everywhere, recommend this method as the only sure way of obtaining permanent relief from this annoying condition.

For nearly thirty years this office has employed *this* method—*the* method discovered by one, and employed by ALL the old masters, the single electric needle process, in painlessly disposing of these disquieting blemishes *for all time.*

You are invited to phone, write or call for complete information and demonstration sitting without obligation.
